Anat Baron
A/V Needs

Anat likes to be prepared so she can focus on delivering value to your audience. Details regarding room layout, audience size, and final agenda are appreciated pre-event.

Tech/Stage requirements

- Anat requests a lavaliere mic or headset microphone so she can move around unencumbered.
- Anat uses a clicker to advance her slides.
- Please provide 2 (or more) comfort monitors for Anat's slides and notes.
- Please provide a countdown clock and set it up to show remaining time when Anat walks onto the stage.
- Anat uses PowerPoint slides for her customized presentation deck. She will send the necessary fonts, PPT deck and PDF copy for your A/V team in advance via Dropbox. She will bring her MacBook Air as a backup. Videos will be set up to run without needing Internet service.
- Anat likes to move around the stage for audience engagement so please place any podium(s) on either side of the stage.
- Anat requires a tech check/walk through prior to her keynotes. Timing to be worked out in advance.
